

# Pallet Scale A12E

## Feature:

- Hydraulic lift and low
- Strong iron construction
- Auto power saving mode and auto off function
- Selectable weighing capacity and precision
- Suitable for industrial environment
- Overload protection load cel
- High bright red LED display
- Durable polyurethane wheels
- Solid and optimum design for logistics
- Built in thermal printer (options)

## Specifications

| Model Name                |        | Pallet scale A12E              |     |              |
|---------------------------|--------|--------------------------------|-----|--------------|
| Size                      | w (mm) | 550                            | 680 | 705          |
|                           | L (mm) | 1200                           |     |              |
| Capacity (kg)             |        | 1,000, 2,000                   |     | 1,000, 2,000 |
| Readability (kg)          |        | 0.5, 1                         |     | 1            |
| Over load protection (kg) |        | 1,500, 2,500                   |     | 2,500        |
| Power supply              |        | Rechargeable battery + adaptor |     |              |
| Operating time            |        | 100 hours (continuous usage)   |     |              |
| Battery charging time     |        | 12 hours                       |     |              |
| Operating temp            |        | -10°C ~ 40°C                   |     |              |
| Options                   |        | Thermal printer                |     |              |
